

RB Demo, Recruiting

John & Mary first of all I need you to sign this for me.

This shows my boss that I really did do the demo.

See we have a Free Rainbow Program, after a little training and receiving 10 certificates, your next sale you receive \$2,598.95.

So if you pay \$2,598.95 and we give you \$2,598.95, how much did the Rainbow cost you?

While on this program you will receive extra income!!

Our average is 1 sale every 3 demos.

However that is world wide but in Orlando we do a little better.

Example is 30 demos, I use 30 demos because earlier I told you that you needed 10 certificates to get a Free Rainbow and to get a certificate you need to do 3 demos and 2 training clinics in a week.

So $10 \times 3 = 30$, so $30 / 3 = 10$, $10 \times \$350 = \$3,500$.

As a matter of fact these are my results.

Here is a sheet that shows all the people that made at least \$1,000 in a week last month.

The ones that are highlighted work out of 1 of our offices in Orlando.

Next is we go on at least 2 paid vacations each year.

Our last vacation was _____ (show pictures).

The vacation we have going on right now is _____ (show brochure).

On our vacations my boss pays for everything.

We also have contests all the time.

This is money in addition to your commission.

Look at the contests we have going on right now! _____ (show contests).

Here comes one of the best parts.

You are in control of your own hours.

You can work as much as you would like or as little as 3 demos per week.

Here is an example, 3 demos x 2 hours each plus 2 training clinics x 1 hour each = 8 hours per week.

If you just sold 1 that would = \$350 minimum plus that does not include all of the other contests.

In other words just from your commission you would be making \$43.75 per hour.

John, do you know any job that pays \$43.75 per hour part time?

There is no experience, I was a jet mechanic and have never sold anything before in my life (Give your own testimony).

Also there is no investment.

Everything that I am showing you tonight my boss gives to me.

John & Mary I am going to check here that I did show you the Opportunity and I only need you to check that you are not or you are interested.

Before you check one though, just know I'm not asking you to join Rainbow, I am just asking you to come to our Open House on Monday, if you like it great and if you don't.

Mary at least you didn't have to cook one night because they feed you at the meeting.

So can I come by and pick you up?

Great, than the only other thing I need is a \$20 deposit.

It is simple, we have about 30 people and if all of them told my boss they were bringing 2 people he would get enough food for 90 and if they didn't show up he wastes all the food.

As long as you come to the meeting you get your \$20 back.

If you decide to work with us they actually double your \$20.

So do you want to give me a check or cash?
